GERMANS MAY MAKE CONCESSIONS TO THE UNITED STATES.COMPANY D MOBILIZED AT  
ARMORY FOR STRIKE SERVICE;  
FIRST TROOPS ON GROUND

Captain Herwick's Men and  
Hospital Corps Ready  
for Call.

## TROUBLE AT M'KEES ROCKS

Thousands Employed by Pressed Steel  
Car Company Walk Out and  
Center of Interest Shifts from  
Turtle Creek Valley; No Disorder.

Captain J. C. Herwick of Company  
D, Tenth Regiment, received word at  
2.15 this morning to mobilize at once  
and hold his company in readiness to  
be sent to the Turtle Creek district for  
strike duty. He was given no information  
as to when the company would be  
called out.

Captain Herwick and Lieutenant  
Robert Morton and John Robinson im-  
mediately started to round up their  
men and by 8 o'clock this morning 30  
of the complement of 60 were at the  
armory. Lines were out for the other  
20 but it was a hard task to recall  
them inasmuch as they are scattered  
throughout the section of the state.

One is at Monaca, one at Johnstown,  
several at Uniontown, one at Switz-  
ville, one at Stewart and several in  
Ohio. It was doubtful whether all of  
them could be notified to report.

The militia is to be equipped with  
full field service equipment and three  
days' rations. The men will remain  
at the armory until ordered away or  
discharged.

The Tenth Regiment hospital corps  
of 16 men was gotten together quickly  
with all equipment, ready for im-  
mediate service.

Captain J. C. Herwick stated that  
he had no word from headquarters  
other than that to "lay on our arms,"  
until further notified.

Both breakfast and dinner were  
served the quartermaster at the armory  
for Cooke Harry Lewis and Charles  
Brown. Unless an order for domestic  
ration comes before night the com-  
pany will spend the night at the  
armory. As the day wore on all pre-  
parations for an immediate start were  
completed.

A private coming the latest dis-  
tance was Harold Robinson of Union-  
town, a student at the University of  
West Virginia who arrived from Mor-  
ganstown at 8 o'clock. He is a brother  
of Second Lieutenant John Robinson of  
Uniontown. The latter was on hand  
early in the day.

## COMPANY E MOBILIZES.

MOUNT PLEASANT, May 3.—A call  
to mobilize for strike duty came to  
Captain Walter Evans of Company E,  
Tenth Regiment, at 1 o'clock this  
morning. He and Lieutenant James  
Zandell and William Stevenson im-  
mediately started work notifying the men  
and practically all of them were at the  
state armory on Eagle street at 6  
o'clock.

The company will carry complete  
field service equipment and three days'  
rations.

## MOVE TOWARD SETTLEMENT.

PITTSBURG, May 3.—The first  
move toward a settlement of the West-  
inghouse strike was made today when  
300 strikers in secret meeting ap-  
pointed a committee to confer with  
Patrick Gilroy, chief of the Pennsylv-  
ania Bureau of Mediation and Arbitra-  
tion, with a view to having him inter-  
vene with the company as mediator.  
Clifton Reeves of the federal Depart-  
ment of Labor addressed the meeting,  
which was so quietly called it was  
over before East Pittsburgh knew it  
had been called.

The governor's troops on guard in  
East Pittsburgh rode down into Brad-  
dock this afternoon but met with no  
opposition from the crowds in the  
streets near the Edgar Thomson mill.  
E. B. Hahn and Joseph Nyce were  
arrested by deputies today after a  
search which included many houses  
in Braddock. Hahn had been shot in  
the head, and Nyce in the thigh dur-  
ing yesterday's riot and hidden by  
their friends. All the other wounded  
rioters were arrested at noon and  
guards placed at their lodgings.

## TROOPS AT BRADDOCK.

PITTSBURG, May 3.—The govern-  
ment's troops arrived on a special train  
in East Pittsburgh about after 10  
o'clock this morning and quickly de-  
tained for duty in the Turtle Creek  
and Monaca valleys where the strike  
riots occurred yesterday.

The troops, commanded by Captain  
George C. Jack of Harrisburg, was  
the first of the National Guard com-  
mands ordered last night by Governor  
Brumbaugh to the district. Troop H,  
Captain Charles H. McGovern, was  
held at its armory here and will march  
to Braddock later in the day. The  
Sheridan troop of Tyrone experienced  
difficulty in securing mounts and was  
not expected to reach East Pittsburgh  
before daylight.

Metallurgist the 13th Infantry has been  
mobilized at its armory here and the  
19th was assembling at Greensburg,  
60 miles from the strike section.

## IT INCLUDES THREE STORES

Davidson's Grocery, Huston's Phar-  
macy and C. E. Thomas' Stationery  
Store Occupy the Morton Property;  
Building is One of Oldest in the City.

One of the most important real  
estate deals transacted in Connell-  
ville for some time is the sale of the  
Morton block in West Main street to  
Alfred Kobacker, of H. Kobacker &  
Sons of Connellville and Mount  
Pleasant. The deal was closed Satur-  
day.

The Morton block is one of the most  
desirable business locations in the  
city. The lot is 65x165 feet and ad-  
joins the Woolworth building and  
A. W. Bower's jewelry store. The  
property is a two-story building oc-  
cupied by J. R. Davidson, the grocer,  
Huston's drug store, a shoe shine par-  
lor and C. E. Thomas. The second  
floor is occupied by private families.  
The Morton building is one of the  
oldest properties in the city. It was  
built by the late Alexander Johnston,  
a pioneer merchant of Connellville  
and was later bought from Mr. John-  
ston by the late A. B. Morton. For a  
number of years the larger store  
rooms have been occupied by J. R.  
Davidson and Huston's drug store.

Mr. Kobacker this morning gave out  
no future plans of the company. The  
building for the present will remain as  
it stands. Realizing the rapid growth  
of Connellville and its success as a  
business center, Mr. Kobacker feels  
that the purchase of the property was  
a good investment.

It Kobacker & Sons have two large  
stores, one on North Main street,  
this city, and the other in Mount Pleas-  
ant. A new building was recently  
built in Mount Pleasant and repa-  
ired and destroyed by fire and the store  
had a large opening April 15. The other  
store room there is occupied by Wool-  
worth's five and ten cent store.

Nearly seven years ago a store was  
opened in Connellville and in that  
time a large trade in Connellville and  
surrounding towns has been estab-  
lished. Today the store is one of the  
largest and best in this section.

as his transfer becomes effective. In-  
quiry at the local office elicited the  
information that none of the others in  
the paymaster's force would be trans-  
ferred.

## CRITICISE WILSON.

Methodists Disapprove of Vice at  
White House Banquets.

SARATOGA SPRINGS, May 3.—  
Criticism of President Wilson for pro-  
viding for guests at banquets at  
the White House was expressed in  
resolutions submitted to the Methodist  
General Conference today by Rev. J.  
W. Anderson of Oregon, Mo.

The resolution was referred to the  
committee on temperance. Although  
it was offered by Dr. Anderson as an  
individual, the entire Missouri dele-  
gation supported the action.

THREE LEADERS OF REVOLT  
IN IRELAND ARE SHOT

J. H. Pearce, Schoolmaster Head of the  
Insurrection, One of Those Al-  
ready Put to Death.

LONDON, May 3.—Three signatories  
to the Republican proclamation in Ire-  
land have been tried by court martial  
and found guilty and were shot this  
morning.

Patrick H. Pearce, the "provisional"  
president of Ireland, was among  
those shot.

Three other signers of the procla-  
mation were sentenced to three years  
in prison.

Premier Asquith made an announce-  
ment to this effect in the House of  
Commons this afternoon.

Another of the rebels found guilty  
and shot this morning was James  
Connolly who was styled "command-  
ant general of the Irish Republican  
army."

Of the other signatories of the Re-  
publican proclamation found guilty  
and shot were Thomas J. Clark and  
Thomas MacDonagh.

## LOSING A LANDMARK

Old Log Structure on Church Place  
Razed for New Building.

Connellville is losing another of its  
landmarks. The old log, chinked and  
weathered structure which has  
stood on Church place in the rear of E.  
G. Hall's plume frame shop for  
many generations, is being torn down.

The log house, built in an excel-  
lent state of preservation, will be used  
by the McCalister Nursery Company in  
the construction of a building at its  
plant on the West Side.

The old building has been the scene  
of a number of fires in recent years,  
one of which was serious but always  
a menace to the surrounding property.  
A new brick veneer building will be  
erected on the site to be used as a  
tin shop by F. T. Evans, the owner.

## MEETS THE PRESIDENT

Miss Eleanor Kenney and Other Col-  
lege Girls Honored.

Miss Eleanor Kenney, daughter of  
Mr. and Mrs. W. R. Kenney of East  
Main street, was among the gradu-  
ates of the National School of Domest-  
ic Art and Science, Washington, D. C.,  
formally received Thursday, April 4,  
by President and Mrs. Woodrow Wil-  
son at the White House.

This event was of especial interest  
as the National School of Domestic  
Art and Science whose students de-  
signed and made the wedding cakes  
for both Miss Jessie and Miss Eleanor  
Wilson, and because the entire class  
of 69 graduates attended the Presi-  
dential reception at the White House.

## FOOLED BY CHECK.

Police Chief Discovers It Is Business  
College Currency.

A check for \$25 was handed to Chief  
of Police B. Holtz this morning by  
John Gelsler who said he had found  
it on the streets. The check was made  
out to H. D. Harding of Philadelphia  
at the Merchants Bank. It was signed  
by Melton & Dana Company but was  
not endorsed. Gelsler thought the  
chief could find an owner for it.

When the check was taken to a local  
bank, however, it was declared one  
used by a business college. The chief  
looked at it again and saw in tiny  
letters, "College Currency."

## Thanks the Troops.

DUBLIN, May 3.—In an order of the  
day thanking the troops engaged in the  
suppression of the rebellion, Lieutenant  
General Sir John Maxwell, the military  
commander, says that owing to the  
tireless efforts of the soldiers all the  
rebels in this city have now surren-  
dered.

## Stricken During Visit.

While on a visit to relatives at Con-  
norsville, Mrs. E. L. Boggs was stricken  
with appendicitis and was operated  
upon last night at the Frantz Hospi-  
tal. According to reports received to-  
day the operation was successful and  
the patient is resting easily.

SMITHFIELD CHURCHES AT  
LOGGERHEADS OVER THE  
BACCALAUREATE SERMON

A misunderstanding between the  
graduates, Rev. W. M. Ryan, pastor of  
the Baptist Church, notified his clerical  
colleagues that he was to preach  
the sermon and in the Methodist  
Church, at that. The trustees of the  
Methodist Episcopal Church are  
aroused over the matter and some of  
them have expressed themselves very  
forcibly to the effect that if Rev.  
Ryan preaches the sermon it will not  
be in the Methodist Episcopal Church.  
In the meantime, as The Courier's  
correspondent puts it "The Christian  
harmony that has heretofore existed  
between the churches is somewhat  
ruined."

A telegram was received by Chief  
of Police Holtz this morning from Pe-

gheny police station, stating that  
Gladys Stewart and Goldie Hanks were  
being held there. The girls said they  
were from Connellville and Chief  
Holtz is looking for their parents.

them until word from relatives is re-  
ceived.

MEMBERSHIP OF METHODIST  
CHURCH SHOWS BIG GROWTH

More Than 5,000 Churchmen in Europe  
at War, Bishop's Report  
Shows.

SARATOGA SPRINGS, N. Y., May  
3.—The membership of the Methodist  
Episcopal congregation has increased  
between 300,000 and 400,000 every  
four years for more than half a cen-  
tury, according to the Episcopal ad-  
dress of the board of bishops read at  
yesterday's session of the Methodist  
general conference by Bishop John W.  
Hamilton of Boston.

The Episcopal address, which is the  
formal utterance of the bishops of the  
church, reviews the work of the  
denominations since the Minneapolis  
conference of 1912, and made recom-  
mendations concerning future labors.

It emphasized the responsibility and  
opportunity resulting from the Euro-  
pean war.

A vivid reminder of the war in Eu-  
rope was embodied in the report of  
Bishop J. L. Nuelson of Zurich.

"More than one-half of our Meth-  
odist membership in Europe," he said,  
"are living in bulgiving countries—  
namely: Thirty-seven thousand five  
hundred and unordained preach-  
ers and 6,940 members; with the Cen-  
tral Powers we have 494 preachers  
and 30,531 members."

"I cannot give the precise number  
of our ministers and laymen who are  
doing actual military service in their  
several armies. My computation is  
that at least 150 ordained preachers  
and approximately 5,000 laymen are  
under arms."

for the most part of women of the  
laboring classes, clamored for peace.  
The crowds were dispersed by the  
police and many were arrested. Two  
women were wounded at Chemnitz,  
Saxony."

A Geneva telegraph to the Central  
News says:

police killed three persons and  
wounded 70."

"In riots at Berlin it is reported 25  
persons were killed and 290 wound-

Reports Declare That Many are Killed

## By Associated Press.

BERLIN, May 3.—The draft of the  
German reply to the American note  
has been fixed.

The reply is subject to minor alter-  
ations which may result from inter-  
changes of views between Berlin and  
general headquarters.

The attitude of Germany will be  
stated in clear and precise terms. The  
note will leave no room for doubt  
concerning the exact position assumed  
by Germany which will communicate  
the definite nature of instructions  
that will be given to submarine com-  
manders and other data on which  
Washington itself can judge the situa-  
tion.

The date of delivery of the answer  
has not been fixed.

## I. S. AWAYS REPLY.

WASHINGTON, May 3.—The an-  
nouncement from Berlin that new and  
definite instructions are to be given  
to German submarine commanders is  
the first positive indication of how  
Germany will attempt to meet Presi-  
dent Wilson's demand that she  
declare and effect an abandonment of  
the present mode of submarine war-  
fare.

Whether the new instructions will  
meet the terms of the last American  
note and prevent a diplomatic break  
can only be determined by a close  
and careful examination.

## Practical Economy

Baking powders made from alum or phosphate may be bought for a trifle less than Royal Baking Powder, which is made from cream of tartar, derived from grapes.

Alum powders are not only cheap, but they differ greatly in leavening power.

If a cheap baking powder is used for a fine cake and the cake turns out a failure there is a waste of costly materials worth more than a whole can of the cheap baking powder.

Royal Baking Powder produces the finest food, and its use therefore, results in an actual saving.

## WOMEN SUFFERERS NEED SWAMP ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

You may suffer a great deal with pain in the back, headache, loss of ambition, nervousness and may be despondent and irritable.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, restores health to the kidneys and is just the remedy needed to overcome such conditions.

Get a 50-cent or \$1 bottle immediately from any drug store.

However, if you wish first to test this great preparation send 10 cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Conneltsville Daily Courier.—Adv.

Elmer Snyder of Monessen is spending a few days with his family here.

Mr. and Mrs. John Anderson of Bellevernon are visiting the former's mother, Mrs. Minnie Anderson.

**Whooping Cough.**  
One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. # Buying Power

Very often the remark is made "How is it that Aaron's sell reliable merchandise at prices that are lower than any of the other stores." That's very easily answered. The Aaron organization consists of four big stores—all doing an enormous business—which naturally gives Aaron's a large outlet for their merchandise. The "little fellow" will buy only one piece or two at a time—Aaron's buy in carload lots—in some instances the entire output of manufacturers. Consequently Aaron's get an "inside price" and very often sell their goods at the same price that other Dealers are forced to pay themselves. That's the reason Aaron's can give you the values they do.

Do you know about Aaron's liberal credit accommodations, they make buying very easy and convenient.

## Carefully Treat Children's Colds

Neglect of children's colds often lays the foundation of serious lung trouble. On the other hand, it is harmful to continually dose delicate little stomachs with internal medicines or to keep the children always inhaling.  
Plenty of fresh air in the bedroom and a good application of Vick's VapoRub Salve over the throat and chest at the first sign of trouble will keep the little chap free from colds without injuring their digestion. 25c, 50c, or \$1.00

**VICK'S VAPORUB SALVE**

## A REAL FLESH BUILDER FOR THIN PEOPLE

Thin men and women—that big, hearty, filling dinner you ate last night. What because of all the fat-producing nourishment it contained? You haven't gained in weight, one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly got enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation are probably andy out of gear and need reconstruction.

Cut out the foolish foods and funny savdust diets. Cut out everything but the meals you are eating and eat with every one of those a single Sargol tablet. In two weeks note the difference. Let the bodies be the judge. Five to eight good solid pounds of healthy, "meaty" there! fat may be the net result. Sargol aims to charge weak, stagnant blood with millions of fresh new red blood corpuscles—to give the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food, to prepare it for the blood in an easily assimilated form. Thin people tell how they have gained all the way from 10 to 25 pounds a month while taking Sargol and say that the new flesh stays put. Sargol tablets are a careful combination of six of the best assimilable elements known to chemists. They come 40 tablets in a package, are pleasant, harmless and inexpensive, and all good druggists in this vicinity sell them subject to an absolute guarantee of weight increase or money back as found in every large package.—Adv.

## Suffered Great Pain!

Letter Tells of Long-looked-for Prescription.

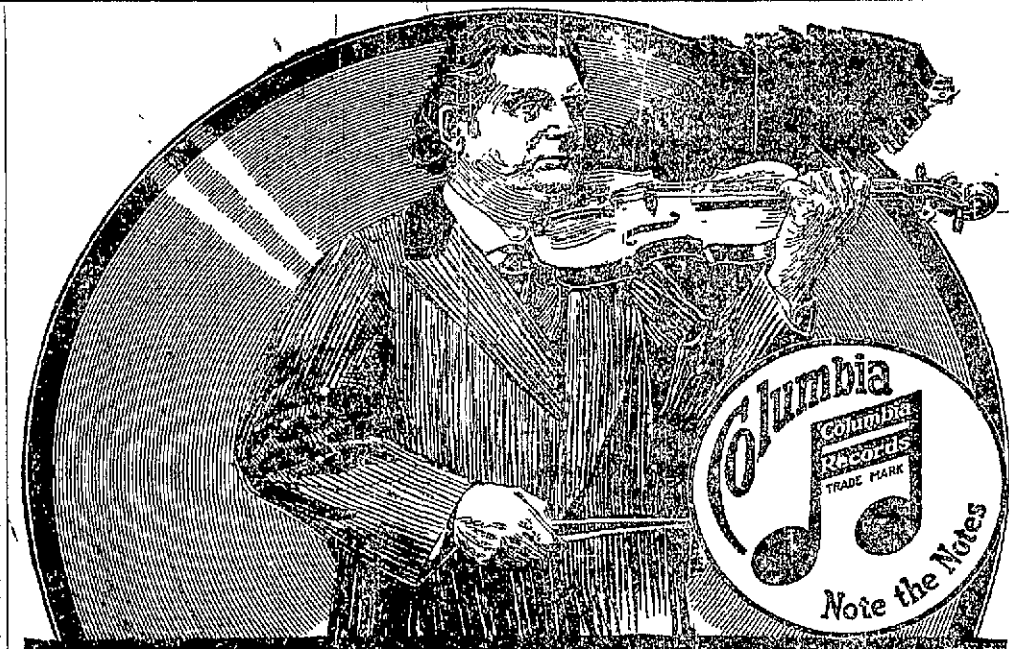

Dear Mr. Editor—I am making a personal appeal to your readers who are bothered with kidney and bladder trouble and rheumatism, to give up the use of harsh salts, or cathartic kidney medicines and in their place take a short treatment of "Anurie" and be convinced of its wonderful virtues as I was. I suffered great pain, had a great deal of irritation, water became foul. I tried everything advised but with no result. I sent for a box of "Anurie Tablets" and soon discovered that they brought relief. I have used them since, and now the water is natural, my health good, and appetite splendid. Some of the doctors pronounced my condition enlarged prostate. Now I have no more trouble and I most assuredly feel that this latest discovery by Dr. Pierce is the best remedy for bladder and kidney troubles that I know of. If I can induce anyone to give it a trial, I feel that he will thank me for calling attention to this great boon that relieves this seemingly worst of all troubles that human flesh can fall heir to.

(Signed) H. E. ULSCHNER.

NOTE: Up to this time, "Anurie" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing tablet, Doctor Pierce has finally decided to put into the drug stores of this country within immediate reach of all sufferers.

Simply ask for Doctor Pierce's Anurie Tablets. There is no imitation. Every package of "Anurie" is sure to be Dr. Pierce's. You will find the signature of Dr. J. C. Pierce on the wrapper. Dr. Pierce's Favorite Prescription, who over a long time has been giving it to all women, and Dr. Pierce's Golden Medical Discovery, being cured of your malady until just a few days of "Anurie" have proven that it will make you feel like a different person.

Editor—Please insert this letter in some conspicuous place in your paper.

## The Greatest Instrumentalists on the Greatest Instruments of Music

are reproduced at their artistic best on Columbia Double-Disc Records.

Whether it is a violin solo by Ysaye or Kathleen Parlow, or a solo by Casals, the wizard of the 'cello, Columbia reproductions possess a matchless quality of beauty. And this is equally true of the splendid Columbia trio ensemble recordings, or the triumphs of Hofmann and Godowsky on the pianoforte. These records are impressive examples of all that musical recordings should be:

36524, 12 inch; \$1.50—Hungarian Dance No. 5, in G—By Ysaye.

A5112, 12 inch; \$1.50—Melodie Opus 42, No. 3; Humoreske—By Kathleen Parlow.

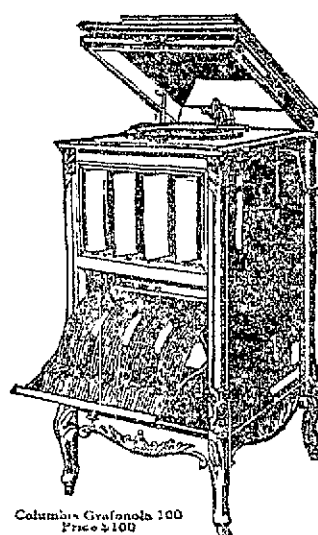

A5756, 12 inch; \$1.50—Liebestraum; Air for G String—Pablo Casals, Cellist.

Ysaye, Casals, Parlow, Hofmann and Godowsky play exclusively for Columbia Records, as do the Trio de Lutèce, the Barrere Ensemble, the Taylor Trio and other foremost ensemble organizations. Only two ways to hear them—and the Columbia way is the living reflection of reality. Listen to one of their records today—to hear it is proof enough.

## It's Up to You! Prices on Rugs

Have certainly gone soaring. Not a chance in the world that they're going to drop soon. Which will you do—buy now, or pay at least 20 per cent more later? We bought our present stock at last year's prices—that accounts for our special offering now. BUT, when these are gone, our prices must be raised just as others have already done. Twenty per cent is pretty big dividends—why not invest now?

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (pocophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any drugstore in convenient sugar-coated tablet form by asking for Senreco Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last you several weeks. A Physician's trial package (5c doses) will be mailed you free if you write mentioning this advertisement. The Senreco Remedies Co., 802 Madison Ave., Covington, Ky.

## SMALL CROWD SEES SHARP AND CREELY FIGHT SIX ROUNDS

Classy Mix-Up of Little Follows Ends With No Advantage for Either.

### OTHER BOUTS ARE EXCITING

After Being Knocked Down Five Times in First Round, Terrill Duncan of Uniontown Comes Back and Forces Joe Blackburn to Throw Up Sponge.

The crowd was so small at Slavish Hall last night that Danny Sharp of Uniontown and Johnny Creely of Brooklyn were only willing to box six rounds instead of the scheduled 10. Announcer Mont McCormick put it up to the fans at the ringside as to whether the boys should go the full route or cut the number of rounds to six. The crowd was willing to take a chance of six fast rounds rather than have the fighters stall for 10.

The bout was a clever one, both boys mixing it up freely but inflicting no serious damage. Creely seemed older and more experienced while his opponent was in superb physical condition and considerable heavier.

The excitement of the evening was in the semi-final in which Joe Blackburn of Swissvale, a husky negro, too obviously out of condition, agreed to take Kid Lupo's place against Terrill Duncan of Uniontown. The Swissvale man waded in and knocked the surprised Duncan of his feet five times in succession in the first round. The dazed Duncan refused to remain down for the count and as he rose each time his opponent would aim for the jaw and floor him again with vicious blows. The bell saved Duncan from a knockout. Again in the second round he was floored but after that he came back strong and punished his opponent so severely that the bout was stopped in the fifth round.

In the preliminary Joe Kerech of Bradford took one of Ray Gardner's ribs in the first round and the bout was stopped in the second.

Mont McCormick refereed the first two bouts, while Eddie Winkler officiated for the third.

## Facts Versus Fallacies

FACT is a real state of things. FALLACY is an apparently genuine but really illogical statement or argument.

WEST VIRGINIA is a "dry" State—that is, sometimes. To those travelers who, of necessity, must go to West Virginia, and who do not know the method quite as well as the inhabitants of "dry" territory of getting a drink when they want it, the way is open to bring your alcoholic beverage with you. How well this is accomplished, and by what proportion of travelers it is done, is best shown by the attached clipping from a Philadelphia paper.

OF course, if 99 out of every 100 persons going into West Virginia carry liquor with them as "medicine," only one lone man out of the one hundred must be in first-class physical condition. Or, perhaps, this one man knows just where he can get his drink in "dry" West Virginia, and thinks it a foolish drain on his physical resources to carry it with him.

THE one FACT that this newspaper clipping makes manifest is, that to deny a man that which he considers his right, is the quickest method to make him go out of his way to procure—even if he wants it or not. It is merely human nature asserting itself. Surely 99 out of every 100 men going into West Virginia would not really want to carry liquor into that State. But they were told that the sale of liquor was forbidden in West Virginia, so they took liquor with them—whether they wanted it or not.

PROHIBITION has always proven a FALLACY—it has never yet proven that it prohibited. Disorder and lawlessness always have followed in its wake—deceit and subterfuge practiced to procure liquor where heretofore, under lawful, regulated license, underhand methods were unnecessary.

UNDER "dry" conditions West Virginia is practically bankrupt. It loses about \$500,000 annually that heretofore was paid for liquor licenses—and there has not as yet been devised any way to make up this deficit. What West Virginia gained by Virginia gained by

going "dry" is a dry treasury. And the FALLACY of Prohibition is shown by the FACT that her citizens find little difficulty in getting what they want to drink—while 99 out of every 100 of her visitors carry their "medicine" in with them!

### 99 OF 100 TAKE LIQUOR INTO WEST VIRGINIA

Trains From Ohio and Kentucky Patronized by Men Who Need "Medicine"

CHARLESTON, W. Va., Nov. 14.—Reports made to State authorities since the inauguration of the prohibition era show the names of half a dozen persons, bringing intoxicating liquors into West Virginia and the quantity carried show that 99 out of every 100 men boarding trains in Ohio and Kentucky cities where there are saloons carry with them a supply of liquor varying from one quart to five gallons.

human nature asserting itself. Surely 99 out of every 100 men going into West Virginia would not really want to carry liquor into that State. But they were told that the sale of liquor was forbidden in West Virginia, so they took liquor with them—whether they wanted it or not.

PROHIBITION has always proven a FALLACY—it has never yet proven that it prohibited. Disorder and lawlessness always have followed in its wake—deceit and subterfuge practiced to procure liquor where heretofore, under lawful, regulated license, underhand methods were unnecessary.

UNDER "dry" conditions West Virginia is practically bankrupt. It loses about \$500,000 annually that heretofore was paid for liquor licenses—and there has not as yet been devised any way to make up this deficit. What West Virginia gained by Virginia gained by

going "dry" is a dry treasury. And the FALLACY of Prohibition is shown by the FACT that her citizens find little difficulty in getting what they want to drink—while 99 out of every 100 of her visitors carry their "medicine" in with them!

### HIGH SCHOOL TRACK TEAM HAS TRY-OUT AT DAWSON

Material Good and Locals May Make Good Showing in Field Meet; Baseball Practice Starts.

The high school track team was taken to the Dawson Driving Park yesterday afternoon by Coach H. M. Springer for the first test of speed. Several runners who may develop into fast men are not in practice and Conneltsville will have a reasonably good representation at the meet to be held at Oak Hill near Uniontown, on May 12, by the Fayette County Athletic Association. Conneltsville will be one of 11 high schools to participate in the meet.

The local school will have men entered in the broad and high jumps, the discus throw and shot-put, and the pole vault. There will also be runners in the dashes and other running events.

The candidates have been put down to hard work by Coach H. M. Springer and are in training for the coming meet. Much improvement has been shown after a week's work on Fayette Field and the Conneltsville team will make some strong bids for points in the meet. The running at the Dawson park yesterday afternoon was not of the best standard and there is plenty of room for improvement but by May 12 if the boys keep down to hard work they will be in shape to go against the best.

The first baseball practice of the season was held at Fayette Field on Monday evening under the direction of A. O. Stone, instructor in manual training. About 15 candidates reported and all but one was entirely new material. None of the old men have as yet reported, although three or four may come out later in the week.

The field is in need of repair and there are several ditches in the infield which will have to be fixed up. A delegation from the high school will do this before Saturday as a game will probably be secured for that day. East Huntington township high school may be the attraction.

Sneak is the only man left from last year's pitching staff with both Entomere and Miner gone. He is a southpaw with lots of steam and can govern the ball fairly well. He will probably be the mainstay on the mound this season unless some new material develops.

### THE NATIONAL ROAD

A New History of this Famous Thoroughfare Fresh From Press.

"The National Road" is the title of a handsomely printed and profusely illustrated pamphlet of 100 pages which has just been published by the cooperation of Robert Bruce, the author, and the National Highway Association, Washington, D. C.

The greater part of the material used in the book first appeared as a series of articles in The Club Journal, the official magazine of the Automobile Club of America. The story of the great highway's inception, construction, use and decline and its revival as a modern means of travel is very interestingly told. Many illustrations from photographs give views of all the points of interest, which are supplemented by detailed maps showing the topography and other features of the country traversed by the road.

### HERE'S THE TOBACCO YOU WANT

"American Navy" the Tastiest, Longest-Lasting Chew Ever Made

### JUICY, SWEET, MELLOW

The men who know most about tobacco chew it—and the best judges of chewing tobacco say that for a solid, "chewy," long-lasting chew there's nothing like American Navy.

American Navy is made of choice, selected whole leaf, in a clean, sanitary factory. The leaf is the same kind as used in good cigars, pressed into plug form, forcing the pure, fruity juice through the entire plug, and not permitting a single drop of it to escape.

One chew of American Navy plug is enough to get you O. K. Such savory flavor you never tasted before—such sweet, juicy enjoyment you never found in any other chew.

Your dealer has American Navy in 5c and 10c cuts. Try it.

## When the Circus Comes to Town.

### TANGOING HORSES

Many Novelties With Carl Hagenbeck-Wallace Circus this Year.

Many features, said to be new and excellent, will be presented this year by the Carl Hagenbeck-Wallace Circus, which will exhibit in Conneltsville Monday, May 8.

According to the advance information the act of Mme. Claret, with her tangoing horses is one of the most enjoyable of the entire bill, because it shows the possibilities in the education of a horse, which appears to have almost human sense. This woman has taught her horses many new stunts in their dancing act. Nearly 400 performers are on the bill and they perform their acts on the ground, on a stage and high in the air.

Among the acrobatic and gymnastic celebrities with the show are the Six Wards, Gladys Gorman, the Eugene Troupe, the Cottrell-Powell Trio, the Sisters La Low and others. The leading rider is Oscar Lowndes. Lowndes is rated as the most accomplished bareback rider in the circus profession. He jumps from the ground to a speeding horse's back, facing the opposite direction from which the horse is running. The Lowells, the Cottrells, the Ledgett Troupe, Mrs. Ledgett and others are in the long list of equestrian artists. The circus will come to this city fresh from its winter quarters, where all of the equipment was practically made over into new.

A new troupe of performing leopards is one of the new features of the show this season. These leopards were bought by Colonel Wallace because he had induced Mrs. La Parol, "the woman without fear," to return to her profession of performing with trained leopards. Mrs. La Parol was retired, but during last winter she visited her husband, who is one of the animal trainers with the show, at Cincinnati, O., and Mr. Wallace engaged her to return to her profession.

"GAY LORD WARING"—Money meant nothing in the life of "The Gay Lord Waring," hero of the Bluebird Photoplay to be exhibited at the Solsson Theatre today. He spent English bank notes as though they were cigarette papers. He gambled and led a profligate and profligate life. appear at the Solsson Theatre today in the five reel society drama, "Gay Lord Waring." It is a Blue Bird feature and a particularly good one. The 1-2-3 reel comedy, "The Double's Trouble," has Alice Howell in the lead. It is a farce with a thousand laughs, in which Miss Howell plays a hum courtesan and a chambermaid. Grace Guard and Francis Ford are the stars today in the five reel drama, "The Sham Reality." It is a mysterious play with a peculiar twist. Billie Blunden, Ray Gallagher and Neal Dixon are in the cast of the Nestor comedy, "His Neighbor's Wife," who tells a lively story of a man who borrows his neighbor's wife. Tomorrow Jackie Saunders appears in the five reel drama, "The Adventures of a Malecat." It is a beautiful colored picture.

#### ARCADE THEATRE.

"A WIFE'S SACRIFICE"—Peppo and Corone, brother and sister, journey to Paris, and, under the names of Hannibal and Claudia Palmieri, lay fraudulent claim to the fortune left by Antonio Palmieri. Pending the adjustment of the claim they find it necessary to exercise their wits in order to live, and they cultivate the friendship of Count de Moray (Robert B. Mantell) and his wife. Claudia determines

to ensnare the wealthy count and Hannibal is to aid her by besmirching the name of the countess. The countess discovers that she has a half brother, Burel, who is the illegitimate son of her mother, Madame de la Marche. Burel demands money on the threat of making known his identity to the world. When the countess calls on Burel to learn if his story is true she is followed by Hannibal, who tells the count that Burel is the lover of the countess. Burel goes to the apartment of the countess to collect the money she has raised for him. The count enters suddenly and finds the two locked in each other's arms. He demands an explanation. Rather than admit the early sin of his mother, the countess makes a supreme sacrifice and remains silent, allowing her husband to form his own conclusions. The count kills Burel, divorces his wife and marries Claudia, but eventually the guilt of Claudia and Hannibal becomes known and they pay the penalty.

Kynaston's face was pale.

"Are the ladies in the room?"

"Yes. I'll go with you to the door."

The two men strolled listlessly toward the door of the main room, the defenders stood eying Frank puzzlement was written upon their faces as Upton unlocked the door, letting Kynaston out of the smooth four-hundred-yard square of grass that spread from the step to the stream, grass that been laboriously planted by through two generations.

Below them the land sloped to the east, a riot of gold and pearl and opal, and that curious brown that one sees in the south and nowhere else on earth.

Looking out before he shut the door again, Upton saw, a mile away, a mass of red dust swirling up to the daylit sky and heard a near long, joyous yell that cut the silence like a knife. Yell that broke out, then rising, and then yells.

"That'll be the arrival of enforcements they spoke of," said Kynaston. "I'm off, old man. Give my love to—your—daughter."

Upton frankly choked as he watched the younger man swing off down hill.

Steadily Kynaston tramped across the dead olive-green carpeted alfalfa patch, skirted the brown of the sugar cane, passed wave his hand to the old man, then—disappeared from view to the cottonwoods.

Upton, sighing, turned back to the house. He tramped through the room amid a great silence. He turned from their loopholes, at his face and turvily full of red-spotted rifle-bolts with their sleeves. They saw in his face grief as if above mere words after the manner of the southward stepped it.

Dorothy and Mrs. Fane he found in the back room. They knew, expected. Mrs. Fane was sitting in a chair at the head of the table, in her hands, frankly weeping, her hands spread and unsteady, turned from their loopholes, at his face and turvily full of red-spotted rifle-bolts with their sleeves. They saw in his face grief as if above mere words after the manner of the southward stepped it.

Dorothy, a mixture of fire and steel, stood by the window, which was barred, confronting Mr. V. who fairly cringed before the contrasted fury in her eyes.

"I say it was a shame—a shame," she cried. "What if he did kill? Did they not try to kill him first? Have they not stolen first from him? For two days now tried to kill him? Did he not perish his life to get out? Did he not risk his life to risk his life and more than he risk his reputation as a soldier to have?"

"What must be think of us have us accept such a sacrifice?"

"Oh, father, I cannot stand this! Marion, say something!"

But Marion was long past anything that could be of even the smallest comfort. It was Mr. V. who said slowly:

"We did the best we could. We were but human."

Neither Kynaston nor I were they of us shot the man. As they promised us immunity if they who killed their leader should himself up to trial by court-martial.

"Which means death," interposed Dorothy scornfully.

"—And as we could not tell what he or I—it was who did this. We played a hand of pool, I decide. That was what we were when you came in."

"Gumbled away a life," ejaculated the horrified girl.

## Enjoy Real Comfort, Men!

In a Perfectly Fitting "SUPERIOR" Union Suit

UNION SUITS are intimate articles of wearing apparel. Union Suits go next to the skin. Much is expected of the article, both in comfort and wear, for it is ever present. Wearing your first "SUPERIOR" Union Suit is to know complete satisfaction for the very first time. It is the acme of Union Suit value in quality, fit, wear and price.

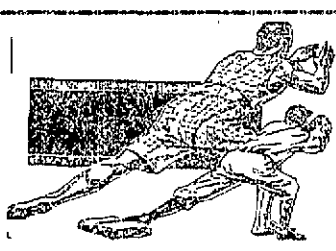

More Union Suit Wearers Today Than Ever Before

A fact which is easily explained by the greater comfort and convenience of the one-piece suit. No drawers to slip and slide, no shirt to pull up and bunch about the waist and none of the old fashioned two-piece suits discomforts.

More men are buying Superior Union Suits today because they have found them to be all that the name implies.

All Fitting Done the Superior Way

No slip-shod methods of fitting, no guesswork permitted when you come in for your Superior Union Suits for Spring. Every measurement is taken to insure a perfect fit. Stout men and men who take extra sizes splendidly cared for.

Can't Gap in the Seat, Can't Bind in the Crotch

The special and exclusive seat construction of Superior U-Suits makes it utterly impossible for them to gap or bind. No seat buttons to prevent free movement. Seat interlocks like a close-front collar—adjusts itself to every position, and ALWAYS sets snug and smooth.

Double Strength Where Wear is Hardest

Over the shoulders, at the collar and sleeves, and in the seat—just where the wear is hardest, is where Superior garments are most staunchly built. A specially made collar on Superior Suits gives them extra strength. Careful finishing on sleeves and ankles prevents the usual annoyance there. Two back gussets in the seat give quarter strength at that important part.

Good Union Suits for Men for as Little as 50c and 75c

Stewart P. Walker, district attorney, was quoted as saying that the case promised to reveal workings of most daring gangs of robbers.
